

### Insurance for Car Rentals

The Car Co-op can administer insurance for rental vehicles rented by Co-op members. Vehicles may be rented anywhere in Canada or the United States, but may not be driven into Mexico. **Members must arrange for this insurance coverage prior to picking up the rental car.** The insurance will only cover rentals of vehicles that correspond to the types of vehicles in our fleet. This is the same coverage which anyone can purchase from any Autoplan broker; we are not selling it, but are providing it to Car Co-op members for an administrative fee.

Members must provide us with their rental period beginning and ending dates. ICBC's coverage is charged per calendar day, i.e. midnight to midnight. The rates are:

- \$12.50/day for three days or fewer (\$10 insurance + \$2.50 administration fee)
- \$11.50/day for four days or more (\$10 insurance + \$1.50 administration fee)

The insurance must be for the entire booking and may not be split between members or drivers for partial trips. This insurance has a \$300 deductible and \$1 million third party legal liability.

Our Damage Pool coverage DOES NOT APPLY to rental cars. Drivers using credit cards with CLDI (Collision Loss Damage Insurance) coverage can of course use their own card for eligible rentals. Drivers are free to purchase additional \$0 deductible or "top up" insurance from the car rental provider.

ICBC regulations mean that this insurance is only available to residents of British Columbia.

### Car Rental Agencies

Two rental car agencies offer discounts to our members:
